

## Screen Printed T-Shirts

**Imprint Size:** 15"W x 16"H

**Art:** All art should be in vector format. Art should be in contrasting colors to t-shirt color choices, or include a white outline-background

### Steps Before Saving

- **Extend all background art and images to full bleed**
- **Convert all fonts to outlines** *(if the fonts are not converted, upon opening the file, all fonts will be substituted altering the look of the art)*
- **Identify all Pantone Colors and provide PMS codes**
- **Include any linked files or images if not embedded**

### File Formats

Any Adobe native design files and PDF's are preferred, we also accept .eps & tiff files.

When saving as a PDF please save as a **"Press Quality"** PDF.

### Delivery

**Email:** If your total file size is under 20mb, please email to [john@apmprintworks.com](mailto:john@apmprintworks.com)

**Upload Through our Website Portal:** <http://www.apmprintworks.com/upload-your-art-here/>
